

Referring a SAH client to YumboRama is very easy folks.

To refer a new client all you need do is send us an email via yumborama@gmail.com with these basic details included:

- **Name of Client**
- **Delivery Address**
- **Contact Details**
- **Email Address if they use one**
- **Confirmation they have SAH funding for meals**
- **Any weekly Budget considerations**
- **The Email address for our invoices covering the SAH component**

Plus, any other details you think may be relevant.

We then create a unique code for the client, and each time an order is placed, and that code is applied, 70% of the cost of the meals ordered is deducted from the amount needing to be paid by the client, to complete the order, at the checkout.

There are no contracts at our end. Clients can order as and when they choose to, and they can choose whatever meals they like from our menu, depending on the budget you have set for them.

The most expensive meals will be \$15.90 each (Barramundi and Atlantic Salmon) while the majority will fall within the \$5.50 - \$12.50 range ex GST per meal charged to the clients SAH package, which places us well within the indicative price parameters for prepared meal delivery services, as set out by the Federal Government when SAH was established.

We have an extensive FAQ section on our website where most questions can be answered.

If you would like us to mail a hard copy menu to your client, simply email us with the name and address details.

You can also generate an easy print PDF file format menu from our website which can be handed or emailed to your client.

If you would like some full colour menus just email us and let us know.

If you have any questions, call us anytime on **04521 90470**

or email

yumborama@gmail.com

All the best gang and keep on trucken.

Rich from YumboRama!
