

# YumboRama!

## Homestyle Heat & Eat

**Meals Made Local & Fresh By  
Humans Not Machines**

**[www.yumborama.com](http://www.yumborama.com)**

# **Welcome Aboard to YumboRama!**

We are very happy to have you with us here on our groove train folks, and we hope to keep you happy & healthy for the ride ahead.

Our meals are all packaged and assembled at our commercial kitchen in Broadmeadow, on the same day we deliver them, and many of our menu items are delivered chilled, not frozen, especially dishes from our hearty Homestead Range. We can also provide soups & fresh salads, plus we make all our own pies, pasta and rice selections, sausage rolls and desserts.

Our chilled meals can still be frozen so if you have not eaten them within the first 3 days from delivery, just move them to the freezer then defrost and heat whenever the time suits you. Defrosting is best done overnight, inside the fridge. This helps to keep the temperature controlled and low during the thawing process, which is ideal for food safety.

Orders can be placed online via our website at any time, but if you prefer, we are happy to take your order over the phone. The best days to place a phone order are on a Monday or Tuesday for delivery the same week, but don't worry, you can call on other days if you forget. Our meals are usually delivered in the late afternoon between 4pm and 6pm. Delivery days will depend on your postcode.

If you are ordering meals as a Support at Home Client or NDIS Participant the 30% column will apply in terms of what your contributing payment will be when your order is placed, and we offer a standing 10% discount for all Seniors who do not have a SAH Package

Many of our meals give you the choice of portion size, those being either Regular, Mid-Size or Hearty, as well as if you would like gravy. Lots of meals in our Homestead Range become Gluten Free simply by choosing no gravy. You can also opt for mushy peas if you prefer soft texture veg.

Meals can be heated within (3-4) minutes in a microwave from a defrosted state Pies and pastries are best heated in the oven or an air-fryer where possible.

We really do hope you enjoy your Yumbo. Food is fundamental, and we all need to stay connected to our eating. There is no better way to do that than to love your tucker, and we hope you love ours.

All the best from all of us here at YumboRama! Travel safe and keep on riding dem rails!

**If you have this  
menu we have  
your referral so  
no need to wait.  
Call now and we  
can deliver your  
Yumbo to your  
door quick smart.**

# YumboRama Handy Hints!

---

All our meals are prepared and packaged daily, from our base in Broadmeadow. The meals delivered chilled, can be frozen. However, if you prefer not to freeze them, the chilled meals can safely be stored in the fridge for at least (3) days. Our meals are heated usually in your microwave or air fryer. Heating instructions are on the packaging for each meal, but below are some general guidelines, and some top of the pop tips.

- If this is your first delivery, it's best to remove all the components, and then marry up what packaging goes with which meal. Your invoice will guide you! If it is a Onesie, everything will be in the same (One) container.
- When heating keep an eye on your meal the first time around, as not all ovens or microwaves or air fryers are the same.
- When microwaving, the general guide for most reheat times is 3-4 minutes. It's best to check your meal after (3) minutes, give it a stir, and pop it back in for the last minute if you feel it needs more time. Some items such as gravy and vermicelli noodles need less time. All microwave times assume the meal is in a defrosted state before heating.
- The trays your meals are packaged in are both oven and microwave proof. **Just be sure to remove the covering film or covering lids before oven heating.** The film and the lids can stay on for microwave heating.
- **The meals will be very hot when removing them from the microwave or oven,** so please be careful and mindful, especially around children. Set them aside for a minute or so, to cool down, and before removing the covering film or covering lid.

**For phone orders please call us on a Monday or Tuesday when possible  
on PH: 0452190470**

- All our packaging is recyclable. Just clean and place it with all your other recycling for collection, and then last but not least, enjoy your Yumbo!
